SUMMARY

I am a Software Engineering student at Wolkite University, specializing in **UI/UX design** and **front-end development** with a focus on **React** and **Tailwind CSS**. Proficient in building responsive, user-friendly interfaces, I also have experience with **HTML, CSS, JavaScript**, and design tools like **Figma** and **Adobe XD**. Passionate about creating seamless user experiences, I'm eager to apply my skills in real-world tech environments.

EDUCATION

Degree and Field of Study

School or University

📅 06/2020 - 06/2025

Ba in Software Engineering

Wolfiite University

📅 2025 - 2025

SKILLS

html	css	javascript	java	react	postgress db

KEY ACHIEVEMENTS

Achievement

Successfully completed a software development internship at Xion Computing PLC, gaining hands-on experience with React.js and PostgreSQL in a professional environment.

Achievement

Built a personal project portfolio, showcasing skills in frontend and backend development, available on GitHub (add a link if applicable).

Achievement

Consistently achieved high academic performance in core Software Engineering courses, including algorithms, data structures, and web development.

Developed and deployed several team- based projects, demonstrating sfiills in coding, debugging, and collaborating effectively in group settings.

Describe what you did and the impact it had.
